

## **Englisch – Themenbereiche für die mündliche Reifeprüfung**

Special criteria of spoken language are to be considered in an oral performance. Therefore, a monologue and a dialogue activity form the two components of this exam. The GERS (= gemeinsamer europäischer Referenzrahmen für Sprachen: lernen, lehren, beurteilen) in combination with the Austrian Lehrplan establishes the competencies and testing methods as well as the topical range (Themenpool) of this exam at a B2 level. With reference to the above, the BG/BRG Schwechat English teachers team agree to and apply the Themenpool and its specific requirements as follows:

### **Competences:**

- Can use the language fluently, accurately and effectively on a given range of general, academic, vocational or leisure topics, marking clearly the relationships between ideas.
- Can communicate spontaneously with good grammatical control without much sign of having to restrict what he/she wants to say, adopting a level of formality appropriate to the circumstances.
- Can interact with a degree of fluency and spontaneity that makes regular interaction and sustained relationships with native speakers quite possible without imposing strain on either party.
- Can highlight the personal significance of events and experiences, account for and sustain views clearly by providing relevant explanations and arguments.

Some of the following operational terms are used on this level:
